

# OCP JAVA 8 CERTIFICATION 1Z0-809 PRACTICE TESTS

1. Ingresar a la liga:

<https://enthuware.com/java-certification-mock-exams/oracle-certified-professional/java-se-8-1z0-809>

2. Descargar **ETS Viewer**, dando clic en el hipervínculo rojo.

The screenshot shows the EnthuWare website with a green arrow pointing to the 'Click here to purchase a Desktop License and Web Access' button. Below this, there are instructions for installing and using the mock exams.

**Instructions to install/use Enthuware mock exams**

1. You will receive an OrderId immediately after you place the order. You will receive a license key and Web access userid/password within a few minutes after your order goes through.
2. For ETSViewer Desktop s/w: Download **ETS Viewer** and double click on it to run it. There is nothing else to install. **After launching ETS Viewer**, it will show you a window containing options for various certifications. Click on the **Full** version of the certification that you have purchased on that window and follow prompts for entering the license key. You can click on the **Trial** version on that window if you want to try it out without purchasing a license.  
  
[Click here to login to Web based simulator.](#) You can use it from all devices including desktop, laptop, android, and iPhone.
3. [See this if you have trouble getting starting.](#)
4. Feel free to contact us through Whatsapp or email if you need help. If you prefer, we can log in to your machine using TeamViewer and get it running.

3. (Opcional) En una línea de comandos asegurarse que se tiene java instalado (jdk), mediante el comando, si no, instalar jdk (<https://www.oracle.com/mx/java/technologies/downloads/#java8-windows> - preferentemente jdk 8 64x):

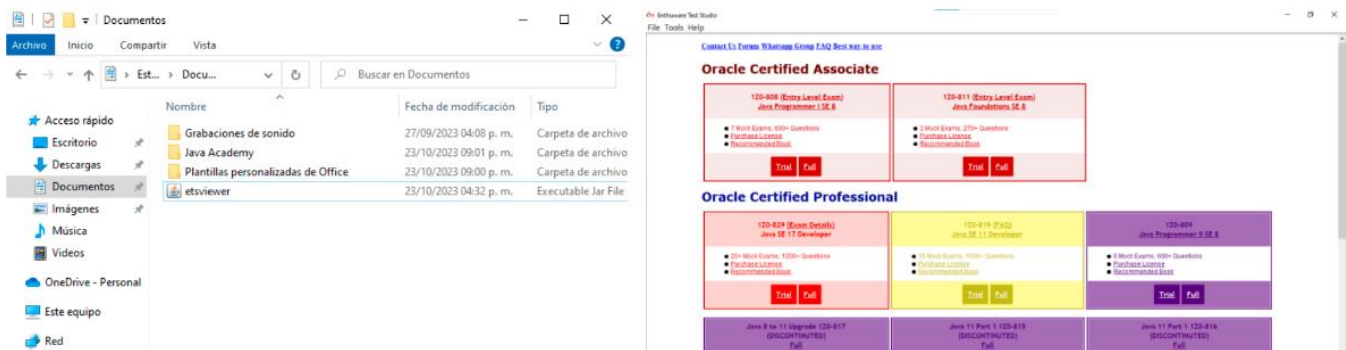

- java -version

```
C:\Windows\system32\cmd.exe
Microsoft Windows [Versión 10.0.19045.3516]
(c) Microsoft Corporation. Todos los derechos reservados.

C:\Users\LENOVO>java -version
java version "1.8.0_391"
Java(TM) SE Runtime Environment (build 1.8.0_391-b13)
Java HotSpot(TM) 64-Bit Server VM (build 25.391-b13, mixed mode)

C:\Users\LENOVO>
```

4. Abrir archivo “**etsviewer.jar**” (archivo descargado), haciendo doble clic sobre el archivo.

The screenshot shows a Windows File Explorer window with the 'etsviewer.jar' file selected in the 'Documentos' folder. To the right, the ETS Viewer application is open, displaying the 'Oracle Certified Associate' and 'Oracle Certified Professional' exam options.

**Oracle Certified Associate**

| Exam  | Questions                   | License      | Recommendation   |

7. Aceptar acuerdo de licencia y dar clic en OK.

8. Empezar a realizar las pruebas (preferentemente **Objective-wise Test**).

Test View Study View

Getting Started X

Summary

Standard Tests

- Mimic the real exam in terms of topic distribution, toughness level, and time (Except Foundation Tests)
- Last Day/Unique Tests
  - Questions in these tests are excluded from:
    - Objective-wise tests, Practice tests, and Leitner tests.
  - This ensures tests with completely unseen questions even if you take non-standard tests
- Best to take near the end of your preparation.
- Start taking Standard Tests if you feel confident (well prepared) to take the real exam.
- After taking the Test:
  - Check the explanations for each question. Regardless you answered correctly or not, because:
    - You will find useful tips in the explanations, which can clarify the concepts.
    - You may realize the actual reasoning instead of getting the answer correct by fluke.
- Identify the topics least scored
- Study those topics from any book
- Code some samples to test the concepts, if necessary
- Only after:
